

Mapping the Dust Bowl

Map Questions

Use the knowledge you acquired from the *Ropesville Resettlement Project* video, your *Region of the Dustbowl, 1930s* map, your textbook, an atlas, and/or the Internet to help you answer the following questions:

1. Describe the difference between physical and cultural geography.

2. List two factors of physical geography that Ropesville farmers had to contend with on their farms.

3. List two examples of cultural geography that were created on the Ropesville farms.

4. There are four natural geographic regions in Texas. Which of these was affected by the Dust Bowl?

5. What do we call the natural geographic region of the United States affected by the Dust Bowl?

6. What is a popular name for the area of North Texas affected by the Dust Bowl where the Ropesville Project was located?

7. Could there ever be another Dust Bowl in Texas? Explain why or why not.
